

Headteacher: Mrs Anne Sargent

SEVERE WEATHER CONDITIONS

2019

In the event of severe weather conditions this winter, i.e. a severe snow storm, we will make every effort to keep the school open. However, if for Health and Safety reasons, it is deemed unsafe to operate the school in the normal way, we may have to make the decision to close the school. This might be because staff live a long distance away from school and may be unable to travel or it may be because there are other reasons such as a heating problem, or that it would be unsafe for people to travel.

The School is kept up-to-date with weather conditions through the Local Authority who are informed by the Met Office and the Police.

We will notify parents in the following ways: -

1. Put a notice on the home page of the school website: - www.littlestokeps.co.uk
2. South Gloucestershire Council will have a list of school closures on their website: - www.southglos.gov.uk
3. Announcements on BBC Radio Bristol or via their website: - www.bbc.co.uk/radiobristol
4. Announcements on Heart Radio or via their website: - www.heart.co.uk/news
5. After updating all the above media sites, we will also aim to text all parents to support the information announced.

Mr Middleton, the Caretaker and another member of staff will endeavour to be at the gate to inform parents and children.
