

MATHEMATICS

As Mathematicians, we be consolidating partitioning two numbers, fact families and counting back. We will learn to use the subtraction sign to form simple number sentences, find the difference and compare with addition statements. Lastly, we will learn to sort and recognise 2D and 3D shapes.

SCIENCE

As Scientists, we will continue to explore the five senses. We will also be observing changes in trees at this time of the year, as well as comparing the seasons using our senses.

ENGLISH

As Writers, we will be using 'Seasons comes and Seasons go' and 'Super Duper you' to inspire us. We will write sentences, remembering to include capital letters, full stops and finger spaces. We will begin to extend our sentences using the conjunction 'and'.

Year 1 Term 2 Me, Myself and I

ART/DI

As Artists, we will be learning how to draw different leaves, focusing on adding detail and the best media to use to create them. We will apply our seasons knowledge to our artwork. As designers, we will be continuing our work on different joining techniques. We will create Christmas crafts in our workshop area.

Enhanced Provision (EP)

The children in Year One are very lucky as they can now access EP both inside and outside of the classroom thanks to our marquee. When not working with an adult they have various play based activities they can complete linked to their prior learning. It is amazing to see them learning through play independently.

READING

As Readers, we will begin to learn Phase 5 phonics sounds, as well as recapping our prior phonics knowledge. We will be focusing on fluency and being able to decode 90% of the words on the page. We will discuss what is happening in the books we read and make simple inferences.

GEOGRAPHY and HISTORY

As Geographers, we will consolidate last term's work learning through our learning in Enhanced Provision. **As Historians,** we will learn about how life was different for our parents and grandparents, We will focus on different family types and make our own family trees.

Forest School (Wednesday PM)

As Explorers, we will enjoy spending time outside in the forest. We will work together to learn about nature. Please bring forest school kit to change into on Wednesdays. Remember it is very chilly so we will need hats, gloves and scarfs on top of normal forest school kit.

P.E (Friday)

As Athletes, we will be focusing on Multi-skills. Please wear PE uniform to school on Fridays.

HOMEWORK

To support your children at home, please continue to read with them 3 times a week to improve their fluency. Every time you read please record this in their reading record as the children now receive a certificate for every 20 reads recorded! The children also have access to Numbots and again receive certificates for the hard work they put into this at home. .
Thank you for all your support so far! Miss Huck.
