## **FINANCE POLICY**

### **Rationale:**

The Governing Body, Headteacher and staff of the school will endeavour to achieve value for money within a system of accountability. The school budget, in quantitative terms, will complement the school development plan, both long term and short term.

### **Guidelines:**

#### **1. ORGANISATION OF RESPONSIBILITY AND ACCOUNTABILITY**

See attached Schedule of Delegated Authority for the roles of the Governing Body.

The Governing Body has delegated to the Headteacher the day to day running of the school budget. The Chair of Governors is consulted during his/her regular visits.

The Chair of the Finance & Buildings committee and Chair of the Governors are given regular budget print-outs, and consulted by the Headteacher over any larger items of expenditure or unplanned, unexpected or emergency expenditures.

The Governing Body and staff will be consulted regularly to establish any pecuniary interests, mainly relating to the School Development plan which will be recorded.

The internal control system for finances is available to the Governing Body and any officer of the LA or DCFS to inspect.

The Headteacher accepts responsibility to the Governing Body and LA for implementation of financial regulations.

#### **2. THE BUDGET**

The School Development Plan reflects the financial planning for the school.

The Finance & Buildings Committee are advised by the Headteacher in February annually and a provisional budget is set. The budget is then adjusted as necessary upon receipt of the Final Formula in April/May annually and submitted to the LA for checking. The budget is ratified by the Governing Body at the next Governors meeting. Staff are consulted about allocations for areas within the School Development Plan which is then drawn up for the following school year, including forward planning.

Planned expenditure is within the allocated budget, with an element for contingencies and inflation, where the allocation allows for this.

Historical evidence is used to support the planning of costs, contracts and supplies and services.

The Governing Body is informed termly on spending and commitment accounting via Finance & Buildings Committee reports. Details of specific budget areas can be given on request as can information to promote understanding and accountability. Significant changes are also reported to the Governing Body.

#### **3. INTERNAL FINANCIAL CONTROL**

The Governing Body has delegated control of the budget to the Headteacher. The Business Manager is responsible, with the Headteacher (and Deputy Head where appropriate), for all commitment accounting (receipts and payments) which are administered through a computerised system set up by the LA.
